

BIPARTISAN PUBLIC AFFAIRS AGENCY

A10 Associates stands out as the largest woman-owned lobbying firm in the United States and a leading bipartisan government affairs and strategic communication agency. Our disciplined focus on key sectors of transportation, infrastructure, technology, workforce, community, and healthcare, shapes policies while driving substantial economic development and technological advancement across the nation.

WHO WE ARE

The A10 team is comprised of experts in our sectors of focus, who drive client success with an eye toward return on investment and market dominance. Honing in on these areas allows the firm to be efficient, strategic, experienced, dedicated, and able to reach across party lines on these issues that all pertain to economic development, creating U.S. jobs, and ensuring technological advancement for Americans compared to the rest of the world.

WHY CHOOSE US

POLICY OVER POLITICS

The A10 team invests heavily in its ties to these industries through government, business, and press contacts. Holding Masters' and Law Degrees, the A10 team continuously focuses on policy over politics, sustaining our business model to stand the test of election outcomes and political whims.

ECONOMIC DEVELOPMENT IMPACT

A10 has been instrumental in creating over 1,500 jobs, notably through projects that establish and expand corporate headquarters and manufacturing facilities. By securing over \$50 million for clients to relocate and enhance manufacturing operations in the U.S., our firm has bolstered job opportunities and contributed to strengthening the domestic economic landscape.

AWARD WINNING SERVICES

A10 Associates has been ranked among the nation's top Lobbying Firms in Bloomberg's Government Report for 5 years in a row! Our team was recently named in Boston Business Journal's 2024 Fast 50.

A10 EXPERTISE

A10 Associates exemplifies how a dedicated, bipartisan approach to lobbying can result in significant contributions to economic growth and technological innovation. Our ongoing efforts are vital to ensuring the U.S. remains at the forefront of global advancements.

TRANSPORTATION

A10 has been instrumental in securing over \$88M in funding for transportation projects, enhancing U.S. infrastructure and competitiveness. Our efforts span tolling systems, smart cities, and electric vehicles, demonstrating a robust commitment to modernizing American transportation.

INFRASTRUCTURE

In infrastructure, A10's influence is profound, with initiatives that stretch from renewable energy to broadband expansion. We have facilitated substantial federal loans and grants, propelling the U.S. forward in sustainable and large-scale construction projects.

TECHNOLOGY

Technology at A10 is about turning futuristic visions into reality. The firm has successfully navigated the complex landscape of federal funding and public-private partnerships, bringing significant advancements in fields like quantum computing and cybersecurity.

HEALTHCARE

A10's healthcare strategy underscores our dedication to improving America's health systems. Through strategic lobbying, we have secured approvals and funding that have reshaped patient care, pharmaceutical developments, and public health policies.

WORKFORCE

The commitment of A10 to workforce development has resulted in the creation of over 1,500 jobs and the establishment of numerous corporate headquarters. Our focused strategies support diverse sectors including cybersecurity and STEM fields.

COMMUNITY

As a woman-owned business, A10 has a special focus on empowering local communities. We have successfully secured funding for non-profits and played a key role in community development projects, highlighting their commitment to societal betterment.
